

an 'occasional correspondent of *The Times*

Figure 1. A schematic diagram of the experimental setup. The subject is seated in a chair, viewing a video screen. The screen displays a target (a small circle) and a starting point (a larger circle). The subject's hand is positioned at the starting point. The distance between the starting point and the target is labeled as d . The subject is instructed to move their hand from the starting point to the target. The video screen is positioned at a distance of 20 cm from the subject's hand. The starting point is marked by a small circle, and the target is marked by a larger circle. The distance between the starting point and the target is labeled as d . The subject is instructed to move their hand from the starting point to the target. The video screen is positioned at a distance of 20 cm from the subject's hand. The starting point is marked by a small circle, and the target is marked by a larger circle. The distance between the starting point and the target is labeled as d .
